DETAILED ACTION

Information Disclosure Statement

1. As instructed in the petition decision mailed 25 March 2008, the examiner has lined through the citations to published abandoned applications listed on the IDS submitted 10 April 2007 for which no copies have been provided. US Application Serial Nos. 09/471,275 and 09/488,725 have been fully considered. A signed and initialed copy of the IDS filed 10 April 2007 is included with the instant Office Action.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel Hart on 31 March 2008.

The specification is amended as follows:

The paragraph at page 1, line 2 is amended as follows:

This application is a continuation of, and claims priority under 35 USC §120 to, US Application ~~40/006867~~ 10/006,867, filed 12/6/2001, now US Patent No. 7,160,985, which is a continuation of, and claims priority under 35 USC § 120 to, PCT Application PCT/US00/23328 filed 8/24/2000, which claims priority under 35 USC § 119 to US Provisional Application ~~60/470262~~ 60/170,262, filed 12/9/1999.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

Upon further consideration, the utility and enablement rejections are withdrawn for the following reasons. At pg. 104, Example 18 of the instant specification demonstrates that the mRNA associated with the PRO1864 polypeptide (SEQ ID NO:14) is overexpressed in melanoma compared to normal skin tissue and the specification asserts that the PRO1864 polypeptide can be used as a diagnostic marker. No evidence to the contrary has been identified for this particular polypeptide. Thus, the rejections under 35 U.S.C. §§ 101 and 112, first paragraph, are withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David J. Blanchard whose telephone number is (571) 272-0827. The examiner can normally be reached at Monday through Friday from 8:00 AM to 6:00 PM, with alternate Fridays off. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Larry Helms, can be reached at (571) 272-0832.

The official fax number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the patent Application Information Retrieval (PAIR) system.
